Organizers

OeAD-Housing Office offers passive houses for active students and accommodates 2.500 guests in energy-efficient student dormitories each year. It is the winner of the Austrian Climate Protection Award 2013.

The **BOKU University of Natural Resources and Life Sciences** contributes to a sustainable use of natural resources by connecting natural sciences, engineering and economic sciences.

Benefits

Pooled interdisciplinary expertise and know-how about green building technologies from different research institutes build the framework for this three-week academic program interwoven with practical knowledge and cultural exchange.

- **Learn from the best**
Acquire cutting-edge skills from an Austrian consortium of six universities and technical colleges, experts and alliances
- **Best practice at hand**
Internationally leading competence right in Vienna
- **Try it yourself**
Enjoy Vienna while living in a passive house
- **Add value to your clients**
Deliver knowledge and skills for healthy, cozy and energy efficient living
